

Master Naturalist Volunteer Training Program

offered by
Friends of Blackwater & ShoreRivers

The Maryland Master Naturalist Program is a 13-week training course led by experts in Chesapeake Bay ecology certifying participants to become volunteers and environmental stewards in their communities.

Curriculum Includes:

- Maryland Natural History
- Flora & Fauna ID and Behavior
- Fundamental Ecologic Principles
- How Humans Affect the Landscape
- Teaching & Interpretation

Master Naturalist Commitment :

- 60 hours of class time & a field trip
- Participate in a final exam & project
- Volunteer 40 hours between ShoreRivers and Friends of Blackwater

Program Schedule:

Thursdays, Sept 6th – December 13th 2018 9:00am – 3:00pm

Trainings located at the Blackwater National Wildlife Visitor Center
in Cambridge with access to an array of ecosystems and
professional knowledge.
