Dear Readers:

Below is an email from the Chamber of Commerce about training scholarships being offered by the Mid Shore Community Foundation. If you know of anyone who might be interested or could benefit from this opportunity, please share with them.

Thanks for helping to spread the word.

Steve

## **Workforce Training Scholarships Available**

Are you looking for a way to move forward in your career or switch gears and try something new? Are you an employer who would like to encourage someone to add certain skills to their resume? If you have a program in mind, we would like to help you take that next step on the ladder of success.

The Mid-Shore Community Foundation is committed to helping members of our local workforce pursue post-secondary education or advance their careers. Thanks to the generosity of our donors, we have one of the largest scholarship programs in the region. We offer scholarships for high school graduates continuing their education at an eligible institute of technology, vocational school, trade school, or career college that awards academic degrees or professional certifications and for adults in the workforce who wish to develop or enhance their skills through accredited seminars, workshops, courses, customized trainings, etc.

The Mid-Shore Community Foundation administers a pooled scholarship program that allows local students to apply for multiple scholarships by completing one online application. Scholarships are awarded almost exclusively to students who demonstrate financial need.

**THE APPLICATION PERIOD CLOSSES AT MIDNIGHT  
ON FEBRUARY 14, 2019**

**TO APPLY FOR THESE SCHOLARSHIPS,  
VISIT [WWW.MSCF.ORG](http://WWW.MSCF.ORG),  
AND [COMPLETE THE ONLINE APPLICATION](#)**
