

LEXIA CORE 5 & POWERUP

Creating college and career ready students!

Lexia's ELA Core 5 and PowerUp

Core 5 Assessment Overview

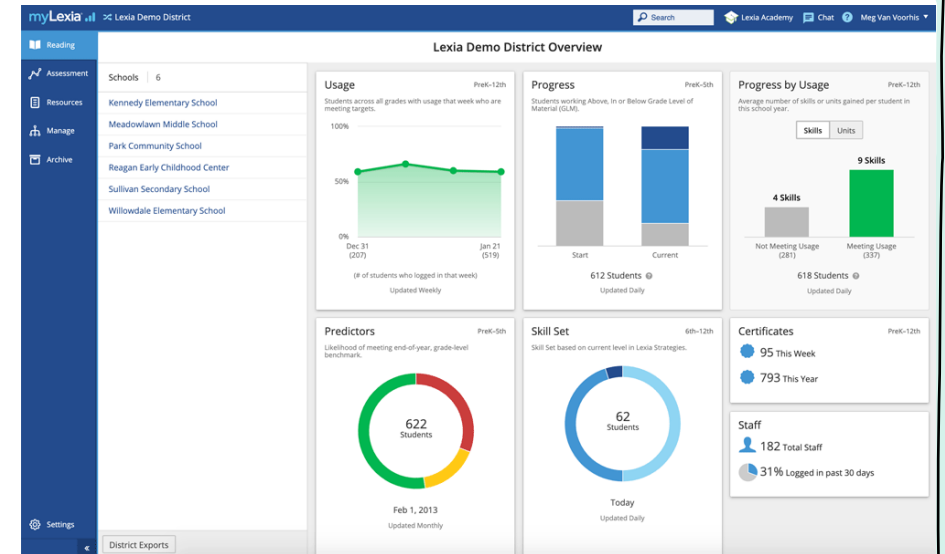

- Online program has 6 strands: Phonological Awareness, Phonics, Structural Analysis, Fluency, Vocabulary, and Reading Comprehension
- Placement quiz to determine skills for practice.
- K-5 instruction and assessment

PowerUp Assessment Overview

- Online program has 3 strands: Word Study, Grammar, and Reading Comprehension
- Placement quiz to determine skills for practice
- K-12 instruction and assessment tailored towards secondary students

HOW DOES LEXIA HELP EDUCATORS?

- Determines students' levels and gaps for specific skills
- Provides individualized practice targeting specific skills
- Quick 5-minute data checks to drive instruction and support students
- Ongoing data reports in real time to know where students are at as they progress
- Provides lessons and activities for whole-class teaching, small-group instruction, and one-on-one intervention

HOW DOES LEXIA HELP SCHOOLS?

- Identify trends across teachers, grade levels, and student groups to target interventions, supports, and instruction
- Predictors for those who are at-risk and at some risk of not meeting grade-level targets to provide more tier 2 and 3 supports to those students
- Progress monitoring for school-based goals
